Bring your event to life at Winchester Science Centre!

Are you looking for a totally unique venue for your next event? At Winchester Science Centre we've got you covered!

We'll take you to the stars and back in the UK's largest standalone Planetarium and wow your guests with live science and two floors filled with interactive exhibits that aren't just fun for kids.

Located in the beautiful South Downs National Park just 10 minutes from Winchester train station and less than two hours from central London, the south's leading science and discovery centre is no ordinary event venue. Together we'll build a completely bespoke event that's perfect for your guests. Whatever you're planning, teambuilding days, award ceremonies, film screenings or presentations, together we'll bring your event to life.

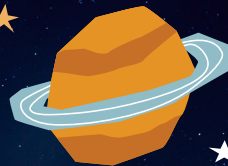

The Planetarium

Host your event under a blanket of stars in The Planetarium.

The 168-capacity auditorium has a stage, PA and lighting system and 360 degree projection dome. It's perfect for award ceremonies, film screenings or presentations.

You can even add on a breath-taking presenter-led live Planetarium show where your guests will fly through the solar system on an adventure through the stars.

Events will have a staffed bar for refreshments and plenty of free parking as standard.

Hire rate starts from £250 +VAT per hour.

Exhibition floors

Up to 1000 people can find their inner child and bring science to life on our interactive exhibits.

Your guests can step inside a 10m long playable guitar. They'll discover the wonder of acoustics in the sonic rocket take a space selfie in our astronaut suit. Our science Inspirers can even turn up the heat with some explosive live science demos!

Both exclusive and sharer parties are available.

Christmas party packages

Whether you're looking for a sit down meal or a less formal party atmosphere, we've got you covered.

From 9th to 11th December, we'll be turning up the tunes with a party like no other. Grab a cocktail or mocktail from the bar and dance the night away on our exhibition floors.

Then from 16th to 18th December we're pulling out all the stops with a sit-down Christmas meal. Take your seat among the exhibits before being whisked into orbit on a breath-taking space adventure through the stars in The Planetarium.

Why book with us?
